NSC Defensive Driving Course eLearning

Purpose

The National Safety Council Defensive Driving Course (DDC) Online brings the time-tested content and acclaimed videos from our flagship DCC classroom course into a convenient web-based format. The course delivers leading-edge content to keep drivers safe while meeting the needs of an organization's drivers safety goals. Participants have the flexibility to work at their own pace and according to their own schedule anywhere there is a computer with internet access. This course presents real-life driving situations ans motivates drivers to change their behind-the-wheel behaviors and attitude. Though instructional advancements, computer-generated animation and adaptive interactivity, participants will learn best practice to protect themselves and the company. Qualification will be tracked through upload tool through group account.

Who should attend?

New hires who will be utilizing a fleet or leased vehicle
