HSE-0040

Zero Harm Induction

Purpose

This learning will introduce the key Zero Harm framework essentials to all colleagues in order to keep all colleagues safe at work.

All learners will have an understanding of the Zero Harm Framework and what is expected of them.

Who should attend?

All colleagues, contractors and customers visiting or working on a Siemens Gamesa site or office.

Objectives

By the end of this session learners will get introduced to the Zero Harm Framework and be able to describe the principles and where to find support

This Global Health Induction will be complemented by additional site training.
