HSE-4176

Gangway Trolley Safety Awareness (EN+DE)

Purpose

An eLearning to show how a technician can use a gangway trolley safely and to build awareness of some of the hazards and precautions to take whilst operating the equipment.

Who should attend?

All MT's+ who are operating a gangway trolley.

Objectives

1. Understand site preparedness for the use of gangway trolleys
2. Gain an understanding of pre-use checks/Inspections that are applicable before using the trolley
3. How to perform maintenance of a trolley
4. How to load a trolley
5. How to charge a trolley
6. How to safely transfer to and from the transition piece using a trolley

Contents

Site preparedness
Pre-use checks/Inspections
Trolley maintenance
Trolley loading
Trolley charging
Safe transfer to and from the transition piece
