Commissioning & Troubleshooting Pre-Training Logbook

Purpose

The purpose of this logbook is to provide structured workplace exposure to turbine systems, commissioning activities, troubleshooting processes, diagnostic tools, and safe working practices prior to formal C&T training.

Who should attend?

Technicians preparing to attend Commissioning & Troubleshooting training.

Objectives

To:
- Develop awareness of turbine systems
- Introduce troubleshooting activities
- Introduce commissioning processes
- Build familiarity with diagnostic tools and documentation
- Prepare technicians for C&T training

Contents

Introduction to:
- Turbine systems
- Troubleshooting activities
- Commissioning activities
- Diagnostic tools
- Technical documentation
- System data
- Safe systems of work

Notes

Completion of this logbook is mandatory before attending C&T training.
Completion confirms:
- Participation and exposure
- Structured workplace learning has taken place

Completion does not:
- Indicate competence
- Authorise independent task execution
