Maintenance Assessment of Competence Logbook Family 23

Purpose

The purpose of this logbook is to assess and confirm a technician's ability to independently perform wind turbine service and maintenance activities in accordance with company standards, approved procedures, service documentation, and Zero Harm principles.

Who should attend?

Technicians progressing towards Maintenance Technician competence sign-off.

Objectives

To confirm that technicians can safely and consistently perform routine service and maintenance activities within their defined role scope.

Contents

Assessment of:
- Routine service activities
- Maintenance tasks
- Turbine systems
- Service documentation
- Isolation procedures
- ROMP principles
- Maintenance tools and equipment

Notes

Must be assessed through direct observation of workplace maintenance activities.
Completion confirms technical competence in routine service and maintenance activities performed independently but does not replace site authorisations or permits.
